GRANT OF RENEWAL LICENSE

SECTION 2.1 - GRANT OF RENEWAL LICENSE

(a) Pursuant to the authority of Chapter 166A of the General Laws of the Commonwealth of Massachusetts, and Cable Communications Policy Act of 1984 as amended, the Issuing Authority hereby grants a non-exclusive Renewal License to the Licensee, a Massachusetts Corporation, authorizing and permitting said Licensee to construct, operate and maintain a Cable Communications System within the municipal limits of the Town of Lancaster.

(b) This Renewal License is granted under and in compliance with the Federal Cable Act and Chapter 166A of the General Laws of the Commonwealth of Massachusetts, and in compliance with all rules and regulations of the FCC and the Commission and all other applicable rules and regulations in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to the Licensee the right to construct, upgrade, install, operate and maintain a Cable Communications System, including such lines, cables, fiber optics, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments and other property and equipment as are necessary and appropriate to the operation of the Cable Communications System, in, under, over, along, across and upon the streets, lanes, avenues, alleys, sidewalks, bridges, highways and other public places under the jurisdiction of the Town within the municipal boundaries and subsequent additions thereto, including property over which the Town has a sufficient easement or right-of-way, for the purpose of reception, transmission, amplification, origination, distribution or redistribution of video, audio, text, data and other impulses in accordance with the

laws of the United States of America and the Commonwealth of Massachusetts and the bylaws/ordinances of the Town of Lancaster.

SECTION 2.2 - TERM: NON-EXCLUSIVITY [SEE G.L.c. 166A §§3(d) and 13]

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on June 15, 1998, following the expiration of the current license, and shall terminate at midnight on June 14, 2008.

SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS

Pursuant to G.L.c. 166 §§22-25, permission is hereby granted to the Licensee to attach or otherwise affix cables, wire, or optical fibers comprising the Cable Communications System to the existing poles and conduits on and under public streets and ways, provided the Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this License the Town grants Licensee equal standing with power and telephone utilities in the matter of placement of facilities on public ways.

SECTION 2.4 - RENEWAL

In accordance with the provisions of federal law, Section 13 of Chapter 166A of the General Laws of the Commonwealth of Massachusetts and applicable regulations, this Renewal License shall be subject to additional renewals for the periods not to exceed ten (10) years or such other periods as allowed by law.

Any such renewal or renewals shall be upon mutual written agreement by the Licensee and the Issuing Authority and shall contain such modified or additional terms as the Licensee and the Issuing Authority may then agree. Nothing contained in this

subsection shall obligate the Issuing Authority to grant any such renewal or either the Licensee or the Issuing Authority to agree to any renewal terms.

SECTION 2.5 - POLICE AND REGULATORY POWERS

The Licensee's rights are subject to the powers of the Town to adopt and enforce general bylaws/ordinances necessary for the safety and welfare of the public, provided that such bylaws/ordinances are of general applicability and not specific to the Cable Communications System, the Licensee, or this License.

SECTION 2.6 - LEVEL PLAYING FIELD

(a) This Renewal License shall not affect the right of the Issuing Authority to grant to any other person a license or right to occupy or use the streets, or portions thereof, for the construction, upgrade, installation, operation or maintenance of a Cable Communications System within the Town of Lancaster; or the right of the Issuing Authority to permit the use of the public ways and places of the Town for any purpose whatsoever. The Licensee hereby acknowledges the Issuing Authority's right to make such grants and permit such uses.

(b) To the extent allowed by applicable law(s), the grant of any additional cable television license(s) shall be on substantially equivalent terms and conditions as those contained in this Renewal License. This paragraph shall be subject to specific performance.

(c) The issuance of additional license(s) shall be subject to all applicable federal and state laws, including G.L.c. 166A and applicable regulations promulgated thereunder.

(d) In the event that the Licensee reports to the Issuing Authority that it is at a competitive disadvantage as a result of a competing Multichannel Video Programming

Distributor in the Town except for direct satellite to home providers not affiliated with a Regional Bell Operating Company, that is not required to be licensed by the Town, the Issuing Authority and the Licensee agree that Section 625 of the Cable Act will be applicable. Among other factors, the Issuing Authority will consider the nature and extent of any such competitive disadvantage in assessing a Section 625 request from the Licensee. The Issuing Authority and the Licensee agree that: (1) effective competition by another Multichannel Video Programming Distributor(s) in the Town does not exist as of the Effective Date of this Renewal License; and (2) that such competition is beyond the control of the Licensee. The Licensee shall have the right to obtain modification of requirements of this Renewal License if the Licensee demonstrates that (i) it is commercially impracticable for the Licensee to comply with such requirement and (ii) the proposal by the Licensee for modification of such requirement is appropriate because of commercial impracticability. Any final decision made by the Issuing Authority under this Section shall be made in a public proceeding. Such decision shall be made within one hundred twenty (120) days after receipt of such request by the Issuing Authority, unless otherwise extended by agreement of parties. The parties agree that the standard applied to the Licensee's request for modification is the same as provided under the "Commercial Impracticability" provisions of the U.C.C. - recognizing, and accounting for, distinctions given the context in which it is applied under Section 625 and that regarding the sale of goods which is governed by the U.C.C.

Nothing in this Section shall require the Licensee to install an additional Drop or Outlet to any municipal or public building which already has a free Drop or Outlet provided under the terms of the prior license.

SECTION 3.4 - CONSTRUCTION OF AN ADVANCED INSTITUTIONAL NETWORK ("I-NET") FOR DATA TRANSMISSION

Upon request of the Issuing Authority the Licensee shall construct a new, advanced Institutional Network ("I-Net") with a maximum capacity of 550 MHz and capable of transmitting 222-550 MHz in the forward direction and 5-186 MHz in the reverse direction or the equivalent thereof. The construction of the I-Net would include the necessary termination equipment for operation of said I-Net. The cost of such advanced I-Net and termination equipment will be entirely borne by the Town of Lancaster and not by the Town's Subscribers.

SECTION 3.5 - PARENTAL CONTROL CAPABILITY

(a) Upon request, and at no separate, additional charge, the Licensee shall provide Subscribers with the capability to control the reception of any channel on the Cable Communications System.

(b) The Issuing Authority acknowledges that the parental control capability may be part of a converter box and the Licensee may charge Subscriber for use of said box.

SECTION 3.6 - INTERCONNECTION WITH OTHER CABLE SYSTEMS

During the term of this Renewal License, the Licensee may consider interconnecting the Cable Communications System with the cable systems in adjoining communities. In making any such determination, the Licensee shall consider the costs of interconnection and the benefits of interconnection.

ARTICLE 4

Whenever the Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public or private way or place, the same shall be replaced and the surface restored in as good condition as before entry as soon as practicable. If the Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify the Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of the Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by the Licensee upon demand by the Issuing Authority.

SECTION 4.3 - TREE TRIMMING

(a) The Licensee shall have authority to trim trees upon and overhanging public streets, alleys, sidewalks and ways and places of the Town so as to prevent the branches of such trees from coming in contact with the wires, cables and equipment of the

(a) The Licensee shall, at its sole cost and expense, protect, support, temporarily disconnect, relocate in the same street, or other public way and place, or remove from any street or any other public ways and places, any of its property as required by the Issuing Authority or its designee by reason of traffic conditions, public safety, street construction, change or establishment of street grade, or the construction of any public improvement or structure by any Town department acting in a governmental capacity.

(b) In requiring the Licensee to protect, support, temporarily disconnect, relocate or remove any portion of its property, the Issuing Authority shall treat Licensee the same as, and require no more of Licensee, than any other similarly situated utility.

SECTION 4.8 - EMERGENCY REMOVAL OF PLANT

(a) If, at any time, in case of fire or disaster in the Town, it shall be necessary in the reasonable judgment of the Issuing Authority to cut or move any of the wires, cable or equipment of the Cable Communications System, the Town shall have the right to do so without cost or liability, provided however that, wherever possible, the Issuing Authority gives Licensee notice and the ability to relocate wires, cable or other equipment.

(b) In either case, the Licensee shall have the right to seek reimbursement under any applicable insurance or government program for reimbursement.

SECTION 4.9 - STANDBY POWER

necessary to operate the generators therefore, shall become activated automatically upon the failure of the normal power supply.

SECTION 4.10 - ANNUAL UPDATE HEARINGS

The Issuing Authority may conduct annual hearings with the Licensee to review the Licensee's performance under this Renewal License and to discuss new technologies that will enhance or improve the Cable Communications System and the economical feasibility of providing these new technologies to Subscribers in the Town.

During any such hearing the Licensee shall discuss any new technologies that it is providing as part of other cable systems in other communities in Massachusetts. The Licensee shall cooperate fully with the Issuing Authority or its designee in connection with any such hearing and produce any documents related to compliance with this Renewal License or other materials that are reasonably requested by the Issuing Authority or its designee.

The Licensee shall report to the affected parties any instances of monitoring or tapping of the Cable Communications System, or any part thereof, of which it has knowledge, whether or not such activity has been authorized by the Licensee. The Licensee shall not record or retain any information transmitted between a Subscriber or user and any third party, except as required for lawful business purposes.

(h) No poll or other upstream response of a Subscriber or user shall be conducted or obtained, unless 1) the program of which the upstream response is a part contains an explicit disclosure of the nature, purpose and prospective use of the results of the poll or upstream response, and 2) the program has an informational, entertainment or educational function which is self-evident. The Licensee or its designees shall release the results of upstream responses only in the aggregate and without individual references.

(i) Except as permitted by Section 631 of the Cable Act as amended, neither the Licensee nor its designees nor its employees shall make available to any third party, including the Town, information about any individual Subscriber. If a court authorizes or orders such disclosure, the Licensee shall notify the Subscriber not less than fourteen (14) calendar days prior to disclosure, unless such notification is otherwise prohibited by applicable law or the court.
